ROOM 6 CLASSROOM INFORMATION

My name is Libby Dyde and I am thrilled to be teaching your children every Monday, Tuesday and Wednesday. I have been at Dalkeith since 2006 in full time and part time positions. I've been lucky enough to teach and gain valuable experience in a range of year groups and learning areas throughout my career. I look forward to engaging and motivating your child to reach their full potential with a strong emphasis on organisation, self-management and perseverance. I believe children should enjoy learning, ask loads of questions and I encourage a positive attitude and growth mindset.

My name is Candice Wholohan and I am so excited to be teaching your child this year. I'm very passionate about teaching, and I love to instil a love of learning in my students. I'll be in room 6 every Thursday and Friday. I have been at Dalkeith PS since 2009 in full time and part time positions. I went on maternity leave four and a half years ago and have a gorgeous son named Jaxson. He has just started kindy this year!

Prior to teaching at Dalkeith PS I taught in Mullewa and Geraldton, both drawing students from very low socio-economic areas. I received a lot of professional development while working at these schools, and I've gained invaluable experience in a range of year groups and learning areas. I look forward to engaging and motivating your child to reach their full potential with a strong emphasis on independent learning, self-management and perseverance. I also believe children should be curious, ask questions, learn from their mistakes and have fun learning. Mrs Dyde and I have very similar teaching philosophies and we both look forward to working together to help your child/children have a fabulous year 3 in room 6 this year! I can be contacted by email if you have any concerns or questions or would like to arrange a meeting:

candice.wholohan@education.wa.edu.au

CLASSROOM PRACTICE

Our door opens at 8:40am and this is when our learning begins. We ask the children to prepare for the day ahead by bringing in their homework folders, crunch and sip, greeting everyone and setting up their desk/equipment. Once they are organised, students may finish any work from the day before or read a book quietly.

In year 3 we encourage our students to develop their organisational skills, therefore any relevant information for students and parents will be written in student diaries and/or on our class noticeboard, situated outside the room. We may also provide regular updates via Compass or email to ensure every parent is aware of what's happening in the classroom.

Crunch and Sip is continuing this year. The students are encouraged to bring vegetables, fruit (not too juicy) and their water bottle to school to consume at set times throughout the day. Dalkeith Primary School has a strict no nuts policy, so please adhere to this when packing your child's lunchbox.

Within our classroom, we strongly encourage a cohesive and inclusive team effort, so everyone is encouraged to participate, take on responsibilities and support one another.

PARENT-TEACHER COMMUNICATION

Parent and teacher communication is encouraged and can involve a variety of approaches. Email to both teachers is the best form of communication so all communication is transparent and timely between us as efficiently as possible. As mentioned above, your child's diary is a great way to write us an informal note but please remind them to tell the teacher you have written in it. We are available for informal chats before and after school, however, this is a busy time when we are at meetings or organising resources for the day. Discussions regarding your child's progress or any concerns are best suited to an interview, please email us both to arrange a time. Notes will be taken on all parent meetings to keep all dialogue open and transparent between both parents and teachers.

HOMEWORK

Room 6 follows the school policy on homework. The students are asked to complete their homework for 20 minutes on a minimum of three nights a week. **The homework this year will mainly consist of reading, literacy and maths revision and we encourage parent participation and involvement when possible.**

Daily reading: 15 minutes. Lexile books to be borrowed during library time and a Lexile quiz to be completed once the book has been read. These quizzes can be done at home or during library/silent reading time.

Listening to and supporting your child read each night is extremely beneficial to their progress in school, especially in the early years. Remember it is important for your child to read for pleasure and interest, so encourage them with many opportunities and different text types.

Each Monday the children will receive either a Maths or English set of questions to work through and discuss with your support. They are due by Friday and will be marked in class together.

At any time during the year your child may be sent additional homework to address areas of need or to support in class learning. These may be research or other activities and we will communicate this clearly to you and your child.

Your child is encouraged to use his/her diary on a regular basis to note homework requirements and general reminders. If parents could put a signature each week in the diary to show they have seen it.

All notes, diaries and homework will be sent home in your child's homework folder. The homework folder will go home every night and needs to come back to school each morning.

ROOM 6 CLASSROOM AGREEMENTS

During our first week of school we collaboratively established our class agreements. We decided how we wanted our classroom to look, feel and sound. These are the agreements we have developed and how they link to our school values of Respect, Responsibility and Resilience:

Respect	Responsibility	Resilience
<ul style="list-style-type: none">• Work cooperatively• Use your best manners• Listen to and follow all instructions• Raise your hand to speak• Take turns when talking and listen actively• Share equipment• Take pride in your work	<ul style="list-style-type: none">• Be organised and on time• Make good choices• Follow the iPromise agreement• Take care of your belongings• Stay on task	<ul style="list-style-type: none">• Be positive and kind• Persevere with all tasks• Have a go and try your best• Ask for help• Seek solutions rather than just stating problems• Encourage others• Set, work toward and reflect on goals

TECHNOLOGY

A multi-modal approach to teaching and learning is endorsed by the department. iPads, laptops and other technologies are tools that are integrated across the curriculum, ensuring they complement my programs and promote enriched learning opportunities. Students will be encouraged to become digitally capable learners who use technology appropriately and within the guidelines of our whole school ICT policy. **They will be guided through a variety of apps aimed to stimulate higher order**

thinking processes and enhance learning. As students become more confident and informed, they are encouraged to independently select the most suitable apps for given tasks.

I am mindful of maintaining a healthy balance of ICT usage at school. It is important that students adhere to the recommended screen time of 2 hours maximum per day. My strong recommendation is that your child's iPad remains at school and are used as they are intended; a purposeful tool for learning just like any other item on your child's booklist. If you wish your child to bring their iPad home each night, can you please indicate this on the iPromise agreement. Charging stations are available in each classroom.

BIRTHDAYS

In line with the Department of Education's Healthy Food Policy, there is to be no sharing of food on school grounds.

SPECIALIST TEACHER INFORMATION

LANGUAGES – JAPANESE – LOIS BARNDON

All students in years 3-6 at Dalkeith Primary School study Japanese for an hour each week, on Wednesday or Friday.

This hour is spent learning the basics of the language, and is a very focused and busy time. I ask that students are organised to start work as soon as they enter the classroom. This means they have done their home practice (from Hiragana in 48 Minutes), that they have their Japanese file and exercise book, their iPads and a 'fully loaded' pencil case - a writing pencil and a spare, eraser, sharpener, ruler, glue, scissors, highlighter, fine-liner, coloured pencils and textas. It is also good if they bring a drink bottle to minimise the time they spend out of the room. Crunch and Sip items are also welcome.

Japanese lessons follow a similar format at all levels. We begin with greetings and perhaps Japanese songs to practise pronunciation and intonation and we proceed to a drill of the hiragana characters. After that we may spend time writing, reading and/or practising oral speech, depending on the teaching and learning intention of the day. Part of the lesson usually has some cultural input.

iPads have become significant in Japanese to practise the script (hiragana) and for research. Students will take a snapshot of all tasks completed on their iPads and save them in a Japanese album to build up a portfolio to add to the other learning they do over the year. A very useful app for practising hiragana is called 'Kana Trace', but there are others which do a similar job and are free. Parents may wish to download these apps to assist with language practice and development. Please see me if you advice in this matter.

Parents are sometimes disappointed that their children don't speak a lot of Japanese. At the beginning stages of learning a scripted language, this is very normal. Japanese Hiragana has 45 basic characters and 25 modified characters. (Though English has only 26 letters we can make hundreds of different sounds. Japanese has a much more limited range of sounds.) Until students have recall of these and a large vocabulary plus a significant amount of grammar, oral and written speech will be limited. I have no option but to use the scripts in the delivery of the WA Curriculum in Japanese as a Second language. Please be patient - the languages curriculum is a continuum of learning and extends beyond primary school. It is a difficult language and any achievement is something to be proud of. Each student will be given the opportunity to present in front of their peers this year. They may not wish to speak in public when they start learning Japanese, but I will endeavour to develop their confidence and repertoire over time.

You can be of great assistance to your child if you monitor their homework and ensure that they complete their practice. Other than that, homework will be infrequent and brief.

My email address is : lois.barndon@education.wa.edu.au. You are welcome to contact me with any concerns.

Barndon sensei

MUSIC – CHRISTINE MORRISON

Classroom Music

All students from Pre-primary to year 6 participate in weekly classroom music lessons, where they are offered a rich and varied Music program. Students are taught under the strands Making and Responding from the Western Australian Curriculum for Music. Students have access to many opportunities to explore and extend their creativity and develop their musical skills.

Extra Curricula Music

String Orchestra Year 4-6

Orchestra rehearses on Thursday mornings from 7.45-8.45am. Any student in year 4-6 who has approximately one year of playing experience on the violin, viola, cello or double bass is eligible to join orchestra. It is usual practice that all students who learn through the IMSS program become members of orchestra. We perform at various school events and at the ABODA Junior Orchestra Festival. Orchestra has an additional cost of \$15 per each student to cover music and festival entry fees.

This year, String Orchestra will also be open to students who learn a string instrument privately as is at the level of competency required to join the orchestra. Please contact Christine Morrison to discuss your child's inclusion in orchestra if they learn privately.

Extension choir Year 4-6

Extension choir is available for interested year 4-6 students and rehearses on Wednesdays from 7.45-8.45am. This choir seeks to engage students who show a passion for music and want to increase their performing skills. The choir performs at a range of out of school events. Extension choir has an additional cost of \$20 per student to cover music, festival entry fees and bus hire.

If you have any expertise in music and are interested in being involved in the music program, please contact Christine Morrison at: christine.morrison@education.wa.edu.au

Regards
Christine

PHYSICAL EDUCATION – David Lane

I am the new PE teacher for the year 3-6 students and I will be at school every Thursday and Friday. I am relatively new to the teaching world but I come into this role with a huge amount of enthusiasm and love for sport and fitness and I look forward to working with your children this year. I am hoping to build on the skills that the children gained from their previous PE and sport lessons. There will be a focus on correct technique for all fundamental movement skills such as running, jumping, kicking, throwing, passing and developing these skills further in game situations. Please remember to make sure your child is appropriately dressed on these days. This is especially important in term 1 and 4 when they will be using the pool for swimming and other sports. It is important that if your child is unable to participate in their PE lesson that you email me directly at David.lane@education.wa.edu.au and also let the classroom teacher know, so we know how to support them.

We will also have a focus on building up the students' fitness this year alongside all their other sporting and teamwork skills. Each semester there will be a Beep Test and I will discuss with each student what their personal goal is for the year and work closely with the students to help them achieve those goals.

Throughout the year we have many training opportunities and carnivals and I will rely on parents for assistance and support. So when these come around, feel free to email me your availability or if you have any other questions or queries please don't hesitate to get in touch.

Thank you and I look forward to meeting you.
David Lane

SCIENCE – LYNNE HAMILTON AND JANICE TESSER

We have two new Science specialists at Dalkeith in 2021. This year we have Lynne Hamilton who will be working Wednesday and Thursday teaching P-3 and Janice Tesser who will be working Mondays teaching years 4-6. At Dalkeith there is a dedicated science room that all students access for this subject.

All content in Science comes directly from the Western Australian Curriculum. It is taught following the scientific inquiry process. The students begin with structured group inquiries in the early years to more individual investigations in the upper years. The four topics covered throughout 2021 are Physical Science, Earth and Space Science, Chemical Science and Biological Science. We will be reporting on Physical Science and the Scientific Inquiry Skills.

We look forward to working with your children. If you have any queries or questions, please feel free to contact Lynne or Janice.

Lynne.Hamilton@education.wa.edu.au
Janice.Tesser@education.wa.edu.au

ART – SARAH FIEL

Welcome to another exciting year in the art room. Art classes are an hour in length and will be available to all students from P-Yr6. The art room is open on Monday, Tuesday and Wednesdays.

During the year we will explore printmaking, painting, sculpture, ceramics and much more. Our influences will come from the natural environment, as well as drawing inspiration from Australian artists, Women in Art, the Masters and famous American artists past and present. We will use the elements of art as a tool to reflect on art pieces and critique our own work, enriching our expressive language.

In the art room we show respect for each other's ideas. We will explore ideas in a depth and detail not normally seen in our everyday artworks and we will practise expressing ourselves creatively. Our focus will always be on the process involved in making art, not the product produced. We will also demonstrate our respect for the arts process by maintaining a clean and tidy work environment and taking good care of our tools.

I welcome the school community to become involved in the visual arts at Dalkeith. I would love people with skills in the arts to share their expertise with us. I would also greatly appreciate donations of paper, fabric, string, glue, containers, pens, pencils, textas anything interesting and varied. Old working hairdryers/pasta makers/blenders and all welcome. Donations can be dropped it to the art room from Monday-Wednesday. If you have a passion for art and would love to share this, please pop in to see me or drop an email to me at: sarah.fiel@education.wa.edu.au

CURRICULUM SUPPORT PROGRAMS

Dalkeith Primary School currently offers Enrichment and Literacy support programs. We use a combination of standardised assessments and teacher recommendation to gauge student suitability for the programs. The enrichment programs are funded by the school. Parents are notified if students are offered a place in these programs.

Selection for extension/remediation programs such as MiniLit, MultiLit, STEM and the Early Years Enrichment are based on set criteria and assessments. We try to give access to as many eligible students as possible throughout the year therefore the students that are scheduled into these programs are on a fixed term basis. There is no preference given to the order in which students attend any withdrawal programs.

SCHOOL POLICIES

Below is a list of policies that you need to be aware of. Other school policies can be found in our school handbook and the school website.

STUDENTS AT EDUCATIONAL RISK

Students at Education Risk encompasses a number of areas of the school's business plan and priorities;

- Students with Special Needs
- Specific Learning Disabilities
- Academic Enrichment and Extension
- Students Emotional Wellbeing
- Behaviour, Engagement and Attendance
- Inclusive Schools and
- English as a Second Language

Should you have a concern about your child in any of these areas please contact the classroom teacher. The teacher will then discuss the matter with a member of the Admin team and school psychologist if it is deemed necessary.

NUT AWARE POLICY

RATIONALE

Nut allergies are real. Currently there is no cure for nut allergies. Avoidance of the food is the only way to prevent a reaction. 1:20 children suffer from food allergies and some of them will experience a life-threatening (anaphylactic) reaction.

We have a number of students who are allergic to nuts and are subject to an anaphylactic reaction.

PURPOSE

In an effort to provide a safe environment for students with allergies to nuts, Dalkeith PS is seeking the support of the whole school community to help make our school nut free by ensuring sandwiches, cakes, slices, biscuits, muesli bars, chocolate bars, dips and dried fruit and nuts are not bought to school.

UNIFORM

The Dalkeith Primary School's Dress Code has been developed to promote a positive image of the school and to create a sense of identity amongst students.

The code has been developed by School Board in consultation with students, teachers and parents. Students are expected to comply with the Code as they are expected to comply with other school rules i.e. classroom behaviour, absences, bullying etc.

Acceptance of enrolment at Dalkeith Primary assumes an agreement between the parent/guardian and the student to conform to the Code.

SUMMER Terms 1 and 4

Garnet polo shirt with school emblem
Black shoes and white socks or blue sandals
School windcheater
Grey shorts
School chequered cotton dress
White short sleeved blouse
School hat with emblem

WINTER Terms 2 and 3	
Garnet polo shirt with school emblem Tartan school pinafore or skirt White short sleeve blouse School windcheater Grey shorts Black shoes and white socks or navy tights School track pant School hat with emblem	
SPORT:	CHOIR/ORCHESTRA: Performance
Yrs PP-2 Wed & Fri, Yrs 3-6 Thurs & Fri	
White polo shirt with school emblem House polo shirt (Friday only) Garnet shorts or track pants (term 2 and 3) School windcheater White school sports socks Black sneakers – no flouro School hat with emblem	Grey shorts, garnet polo shirt, grey socks, black shoes School tartan skirt, white blouse, white socks, black shoes

Jewellery:

In the interest of safety and to minimize potential loss, jewellery should be kept to a watch and stud earrings.

Makeup:

Makeup and/or coloured nails are not appropriate.

Hair:

Hair should be neatly groomed and kept out of eyes. Longer hair should be kept tied back.

HOMEWORK

RATIONALE:

Dalkeith Primary School holds the belief that homework can be beneficial to students provided certain conditions and circumstances are adhered to. Regular out-of-hours application of oneself to certain tasks can help build self-regulation, develop confidence and mastery and form good self-disciplinary habits that can be very useful to students as they become life-long learners. Homework supports the development of the student as an independent learner by providing an opportunity to practise skills such as time management, perseverance, goal setting and critical thinking.

PURPOSE:

Homework must provide opportunities for students to practise, review and reinforce skills and concepts already taught in class

OUR BELIEFS:

Homework must be:

- Consistent with the Western Australian Curriculum and be used to assist in the achievement of learning outcomes
- Purposeful and 'the why' made visible to students
- Differentiated and responsive to individual needs
- Achievable within age appropriate time frames
- Consolidation of skills and knowledge learnt in class
- Relevant
- Monitored and marked regularly by the teacher and constructive feedback to student provided
- Communicated clearly to students and parents via student diaries or other communication methods

PROCESS:

Term 1 Parent Information Sessions:

During these class meetings, teachers will present their individual class homework policy. Teachers will outline the types of homework that will be given, frequency, marking arrangements and the responsibilities of students, parents and teachers.

Homework Responsibilities of Students:

Students are responsible for:

- Completing work to a standard in line with their ability and the expectation of the teacher
- Completing work independently as possible
- Collecting homework if they are absent
- Communicating with teachers and parents when assistance is required.
- Submitting work on time
- Entering homework requirements into their diaries (Years 3-6)

Homework Responsibilities of Parents:

Parents are responsible for:

- Supporting students with their homework - but not doing it for them
- Communicating high but realistic expectations of the standard of work
- Communicating with the teacher when concerns arise
- Checking in with their child that they know ahead of time homework deadlines and requirements

Homework Responsibilities of Teachers:

Teachers are responsible for:

- Providing homework that is appropriate to the student's needs and ability level
- Providing guidelines on the approximate time students should spend on homework (NB the time required to complete a task may differ according to student ability/task demands)
- Communicating with parents when problems arise
- Assigning differentiated homework that is related to current classroom instruction with a particular focus on Literacy and Numeracy
- Providing a variety of approaches to completing assigned homework
- Providing timely constructive feedback to students on their completed homework.

GUIDELINES:

Homework in each phase of learning might include the following:

KINDY AND PP

- Read to your child every night
- As the year progresses some small Maths and/or English tasks such as practising sight words and numbers may be set as homework.

YEAR 1-2

- Home reading of teacher provided books
- Home reading of individual choice books
- Mental math activities reinforcing number combinations and processes
- Collecting simple data to support a class activity (e.g. record what you ate for dinner)

YEAR 3-6

Year 3 - 5 – no iPad homework (to encourage iPads to remain at school)– digital based programs can be accessed on a home device

Year 6 – iPad homework allowed (be mindful of the 2 hour limit a day)

- Personal reading
- Research to support class work or study projects
- Planning or refining draft work commenced in class

- Activities that reinforce concepts currently being taught in class, or provide remediation/extension of skills and concepts learnt in class.
- Finishing off class work not completed during the school day

SPECIALIST SUBJECTS

- Practise is important for mastery of skills in specialist subject areas such as Science, Music, Japanese, Physical Education and Art. This homework will be at the discretion of the subject specialist teachers and the SIM teachers and is additional to class homework.

Time spent on homework:

The time spent on homework can depend on the child and homework for that week. Below is a general guide per night:

Early Years/Junior primary -	5 - 15 minutes
Middle primary -	20 minutes
Upper primary students -	30 minutes

ADVICE TO PARENTS:

Children need the opportunity to play and relax after school.

Homework is best done at a quiet time set aside for homework completion.

Typically, children will become more independent and responsible for their homework as they reach the middle / upper primary years and therefore should be increasingly encouraged to complete their homework with minimal input from parents. Make an appointment to see your child's classroom teacher if you have any concerns regarding homework.
