ROOM 11 CLASSROOM INFORMATION

Welcome to the new school year and your child's final class of primary school. My name is Miss Lisa Iannello (Miss I) and I will be one of your child's teachers this year. The students and myself will also be working alongside Kellie Prosser, Nicole Hughes and David Logue. This year I will be working four days a week in the classroom. Each Thursday, Miss Nicole Hughes will be implementing comprehensive learning programs in the areas of Numeracy, HASS and Health Education. If you have any questions about the learning program on Thursday please email Nicole. Nicole.hughes1@education.wa.edu.au

My teaching experience has generally been with upper primary students. I thoroughly enjoy teaching and interacting with this age group and am looking forward to working closely with each of my students, and you as parents this year. I strive to ensure that each child enjoys their learning journey and is motivated to perform and challenge themselves.

Year 6 is an important transition year, in preparation for secondary schooling. Therefore, I will be encouraging students to establish organised routines both at home and at school, with a strong emphasis on self-management, wellbeing and developing independence. So far, it's been a great start, and all is running smoothly.

CLASSROOM PHILOSOPHY

I am passionate about my teaching and aim to instil a love of learning amongst my students by providing a positive, flexible and challenging learning environment in which they can thrive as autonomous learners. Students are encouraged work to the best of their ability, and to feel that it is okay to take risks and make errors in order to progress. The individual needs of each of my students will be catered for through my delivery of differentiated instruction and activities.

The Department of Education endorses a developmental Western Australian Curriculum. To assist the children in reaching their potential, I will be following this curriculum closely. An enquiry approach is supplemented with explicit instruction and consolidation of concepts in numeracy and literacy.

To improve learning and achievement, I provide opportunities for higher order, critical thinking and utilise a variety of teaching strategies to develop both independent and collaborative learning styles. Cooperative group situations help to foster a sense of respect and accountability amongst the peer group, and therefore it is imperative that each student develops effective social skills.

CLASSROOM PRACTICE

Our classroom will be open for students at 8:40am, which allows 10 minutes for them to organise their equipment for the day. This routine involves entering the classroom with homework folders, school diary, notes, etc. It is important that students are ready to commence lessons before the siren at 8:50am. As our classroom time consists of 2 x 2 hour sessions before lunch, students are encouraged to bring in "Crunch and Sip" to eat/drink throughout the day. Please note that these snacks should be fruit & veg only.

Please encourage your child to be responsible for packing their own bag and organising themselves for their day at school, making sure that they have all the materials needed for the day's work. Your support is greatly appreciated and ensures your child's independence is fostered wherever possible.

ASSESSMENT PROCEDURES

Ongoing assessments will take place throughout the year. These will be presented in the forms of observations, tests, tasks and work samples. Students are encouraged to focus on their achievements and reflect on areas for improvement. Opportunities for self-assessment and reflection will be provided on a regular basis and students will be asked to set challenging goals for improvement. Teacher, peer and self-directed feedback will also be provided to make learning visible and enable students to become self-regulated in their approach.

SENIOR TEACHING TEAM

This year, I will be working closely with Kellie Prosser, David Logue and Nicole Hughes (year 5 and 6 teachers) to plan, moderate and deliver units of work across the curriculum. This will involve movement of students between classrooms and shared learning spaces. At different times, students will be in multi-age groupings, year level groupings and small groups. Teachers will be working collaboratively to identify student needs so that targeted content can be provided to all students in Years 5 and 6.

SPECIALISTS

Students will participate in a variety of school specialist programs in the areas of Japanese, Drama/Music, Physical Education, Art and Science. Students can refer to our class timetable to ensure they are prepared for these lessons each day.

CLASSROOM AGREEMENTS

Our classroom agreements have been devised in conjunction with the students and align with our Positive Behaviours in Schools program (PBS). This ensures a positive learning environment is fostered in which students feel safe while learning and playing. As a class, we have discussed, refined and agreed on suitable guidelines in the areas of Respect, Responsibility and Resilience. Revision and reflection of these agreements will take place during the year or as the need arises. To compliment our class agreements, a fortnightly focus will be introduced and celebrated at our Hoorrrah assemblies.

Respect	Responsibility	Resilience
<ul style="list-style-type: none">• Listen attentively• Raise your hand to speak• Speak at appropriate times• Treat others as you wish to be treated.• Use your manners• Show respect to property, personal space and surroundings• Be inclusive of others• Enter the classroom quietly• Participate and cooperate	<ul style="list-style-type: none">• Look after your belongings• Share equipment with others• Stay on task and use time wisely• Follow instructions• Be prepared for each lesson• Transition quietly• Pack away and stay tidy• Ensure your iPad is fully charged• Complete and bring in homework• Take ownership of your actions• Reduce, reuse, recycle	<ul style="list-style-type: none">• Challenge yourself to take risks• Stay positive• Persevere with all tasks• Talk about issues as they arise• Bounce back• Accept what you can't change• Keep practicing• Try your best• Have another go• Seek solutions• Do what it takes to get the job done

BEHAVIOUR MANAGEMENT

We will follow the school's behaviour management policy. Students need to be aware of their rights and responsibilities and understand the consequences of inappropriate behaviour in the classroom. Particular cases of misbehaviour will be addressed accordingly and parents will be notified as issues arise. As a class, we have discussed suitable consequences for inappropriate behaviour in order to maintain a conducive working environment for all. They are listed below.

1. First time they break an agreement: Tick on an amber slip and a warning
2. Second time they break an agreement: Second tick on an amber slip
3. Third time they break an agreement: Think sheet in a buddy classroom
4. Fourth time they break an agreement: Sent to the office to discuss their behaviour with either the Principal or Deputy Principal.

Positive reinforcement is the most effective way to acknowledge and encourage appropriate behaviour in students. Praise and extrinsic rewards such as Hoorrahs and are used within my classroom, however with senior students, I am focused on intrinsic motivation for appropriate behaviour.

PARENT / TEACHER COMMUNICATION

Parent and teacher communication plays an important role in helping your child to achieve successfully throughout this year. Ongoing communication is encouraged and can involve a variety of approaches. Parent interviews are welcomed and I am available for brief, informal discussions before and after school. Please remember that this time can be hectic so any formal discussions are best arranged at a more suitable time. I can also be contacted via email lisa.iannello@education.wa.edu.au

If your child is late or you need to withdraw him/her from school throughout the day, you will need to sign in or out at the office. All absences need to be explained verbally or with a written note.

ICT

Students are encouraged to become digitally capable learners who use technology appropriately and within the guidelines of our ICT policy. A multi-modal approach to teaching and learning is endorsed by the department. iPads, laptops and other technologies will be integrated across the year 6 curriculum, ensuring they complement my programs and promote enriched learning opportunities that stimulate higher order thinking. Students are expected to use technology responsibly and we will provide ongoing cyber safety education appropriate to their age. I am mindful of maintaining a healthy balance of ICT usage at school. It is important that students adhere to the recommended maximum screen time of 2 hours per day.

LIBRARY

Our library sessions will take place each **Wednesday**. Regular borrowing of age appropriate and Lexile books is encouraged and we often discuss recommendations for the peer group.

UNIFORMS

Monday - summer/winter uniform / Leavers shirt

Tuesday - summer/winter uniform / Leavers shirt

Wednesday - summer/winter uniform / Leavers shirt

Thursday - sport shorts and white shirt

Friday - sport shorts and house shirt

CLASSROOM ROUTINES

Below is an outline of the general routines and practices within our senior learning environment. Our class structures remain fluent and evolving, based on student needs.

Desk & Home Room - All year six students have their desk in Room 11 and consider this their 'home room.' Throughout the day they move between Rooms 8, 10 and 11 as required.

Maths – Students are divided into three groups, with varied homework tasks and modes of delivery across each group. Groups are instructed by Kellie, Lisa & David Logue.

Reading – Year 6 students gather together for novel study and reading comprehension tasks. Individually targeted intervention programs are implemented as required by Lisa & Kellie.

Writing – Depending on the task, combinations of whole group and small group activities take place under the instruction of Lisa & Kellie.

HASS – Year 6 students gather together under the instruction of Nicole Hughes.

Health – Home class groups are currently taught, but structures may vary throughout the year.

Vocabulary/Spelling/Grammar – Year 6 students gather together under the instruction of Kellie & Lisa.

Specialist Classes – Year 6 students attend specialist classes with their class groups.

YEAR 6 ROOM 11 TIMETABLE

	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
8:50-9:20	MATHEMATICS	MATHEMATICS	MATHEMATICS	PE	ASSEMBLY / PROBLEM SOLVING / DEBATING

1:50-2:20	STEM	BUDDIES / HOORRAH	DRAMA / MUSIC	HEALTH	SPORT
2:20-2:50					
2:50-3:10		EARLY CLOSE	LIBRARY		

HOMEWORK

In preparation for high school, homework will form an integral part of your child's learning journey in Year 6. It will generally consist of consolidation and revision of concepts covered in class, completion of unfinished tasks or research. Students are encouraged to spend approximately 30-45mins on homework each night. I am aware students may have other commitments on certain evenings, making the completion of homework on one particular night difficult. Therefore a weekly approach is taken.

Homework consists of...

- **Maths** - tasks are set by each of the class teachers and therefore expectations may vary. My approach is to provide a homework sheet each Monday which is marked the following Monday.
- **Grammar** – a grammar sheet will be sent home each Monday with daily minimum requirements.
- **Home Reading** – students are expected to read independently on a daily basis for at least 15 minutes and are encouraged to borrow library books suited to their ability and interests.
- **Writing** – writing tasks are often commenced in class and finished for homework.
- **Work Completion** –work that has not been finished in allocated class time will be sent home.

It is important that your child develops a regular routine early in term one to enable him/her to cope with an ongoing workload. Please assist them to create an after school timetable to help them balance their homework with other commitments. This process may seem daunting in the beginning however, as students develop their organisational skills and become more familiar with their after school routine, the process should become manageable. As the first semester progresses, students will find the repetition and work load easier to cope with.

At times, you may find your child needs some assistance with their homework. Please encourage them to have a go first. I am available before school if they require extra assistance. Homework should not be a stressful experience for your child. Socialising and relaxing is important too. I am very approachable in this department and like to hear feedback if too much or too little homework is set.

HOMEWORK DIARIES & FOLDERS

At the end of each day, homework requirements and general reminders are discussed and written on the whiteboard. Students are given time to write in their homework diary and prepare their homework folders. It is important that they refer to their diary when completing their work at home. We will be checking diaries on a regular basis until independence is achieved. We would also appreciate your support by way of a signature to indicate that you have seen their completed work each day.

YEAR 6 LEADERSHIP OPPORTUNITIES

Throughout the year, there will be many opportunities for the year 6 students to refine their leadership skills. These include:

- Young National Leader's Day – March (yet to be confirmed due to COVID)
- School Captains – 2 students per year
- Student Council – 4 students per semester
- House Captains – 2 students per faction per semester
- Sailing – 6 week course in Term 4 (once a week)
- Year One Buddies Program – Fortnightly
- Year 6 Manjedal Camp – September
- Year 6 Leeuwin Ocean Adventure – November
- Fundraising activities - Café Dalkeith & Friday Freeze

YEAR 6 FUNDRAISING - Café Dalkeith & Friday Freeze

Throughout the year, our 'Leavers' traditionally bake and sell treats as a part of a fundraising program. These treats will be in the form of cupcakes, muffins and savoury treats. Students are encouraged to take responsibility for baking, as they are the benefactors of the fundraising. The school's 'No Nuts' and Health and Well-Being policies should be considered when planning treats to sell. Please refrain from decorating cupcakes with lollies/sprinkles/chocolates. It is strictly icing only.

Please note that Café Dalkeith has been suspended in due to COVID restrictions. We will inform students and parents when (and if) this initiative recommences.

To ensure our fundraising targets are met, the Year 6 students will be selling icy poles to the younger students at lunch time each Friday in terms 1 & 4. Proceeds will be used to purchase Leaver's Hoodies, Graduation Canvasses and a graduating gift for the school. All students are given an opportunity to purchase an icy pole for \$2.00 **(including the year sixes)**.

BUDDIES PROGRAM

Our Buddies Program is already underway. The 'Big Buddies' in Year 6 have been introduced to their 'Little Buddies' in year 1, and they have been spending time getting to know each other. Structured activities are scheduled on a fortnightly basis after lunch on Tuesday afternoons. Throughout the year, they also participate in incursions, excursions and an Easter Egg hunt (organised by the Big Buddies). This program allows our Year 6 students to develop their leadership skills in a mentoring role.

YEAR 6 CAMPS

Manjedal Activity Centre

At this stage, the year six students will be heading to Manjedal Activity Centre in Jarrahdale for a 6 day adventure camp in Week 8 of Term Three. **The dates are Monday 5th September to Saturday 10th September.** Camp costs are outlined in the Fees and Charges for 2022. Information regarding this camp will be sent through to you closer to the event.

Leeuwin Ocean Adventure

In Term Four, Year 6 students will be invited to attend an overnight camp on the Leeuwin II tall ship. They will participate in various activities on board whilst remaining docked until the next morning. Parents will be invited to join in the fun for an ocean sail the following day. Dates for this adventure (in November) are yet to be confirmed. Costs have been included in the fees and charges for 2022.

YEAR 6 SAILING PROGRAM

Our sailing program with Royal Freshwater Bay Yacht Club, commences in November in Term 4 and runs for six weeks (one session per week). Dates are yet to be confirmed and costs have been included in the fees and charges for 2022.

YEAR 6 LEADERSHIP PROGRAM – 'Bricks for Change'

We will soon be commencing our Bricks for Change leadership program. We will be encouraging **all** students to participate, by taking an active role in their community through various activities. This program aims to inspire our Year 6 students to become global citizens who are aware of the world around them. They will need to be supported in their endeavours by teachers and parents. Further information about this program will be provided soon.

SPECIALIST TEACHER INFORMATION

LANGUAGES – JAPANESE – Lois Barndon

All students in years 3-6 at Dalkeith Primary School study Japanese for an hour each week, on Wednesday or Friday.

This hour is spent learning the basics of the language, and is a very focused and busy time. I ask that students are organised to start work as soon as they enter the classroom. This means they have done their home practice (from Hiragana in 48 Minutes), that they have their Japanese file and exercise book, their iPads and a 'fully loaded' pencil case - a writing pencil and a spare, eraser, sharpener, ruler, glue, scissors, highlighter, fine-liner, coloured pencils and textas. It is also good if they bring a drink bottle to minimise the time they spend out of the room. Crunch and Sip items are also welcome.

Japanese lessons follow a similar format at all levels. We begin with greetings and perhaps Japanese songs to practise pronunciation and intonation and we proceed to a drill of the hiragana characters. After that we may spend time writing, reading and/or practising oral speech, depending on the teaching and learning intention of the day. Part of the lesson usually has some cultural input.

iPads have become significant in Japanese to practise the script (hiragana) and for research. Students will take a snapshot of all tasks completed on their iPads and save them in a Japanese album to build up a portfolio to add to the other learning they do over the year. A very useful app for practising hiragana is called 'Kana Trace', but there are others which do a similar job and are free. Parents may wish to download these apps to assist with language practice and development. Please see me if you advice in this matter.

Parents are sometimes disappointed that their children don't speak a lot of Japanese. At the beginning stages of learning a scripted language, this is very normal. Japanese Hiragana has 45 basic characters and 25 modified characters. (Though English has only 26 letters we can make hundreds of different sounds. Japanese has a much more limited range of sounds.) Until students have recall of these and a large vocabulary plus a significant amount of grammar, oral and written speech will be limited. I have no option but to use the scripts in the delivery of the WA Curriculum in Japanese as a Second language. Please be patient - the languages curriculum is a continuum of learning and extends beyond primary school. It is a difficult language and any achievement is something to be proud of. Each student will be given the opportunity to present in front of their peers this year. They may not wish to speak in public when they start learning Japanese, but I will endeavour to develop their confidence and repertoire over time.

You can be of great assistance to your child if you monitor their homework and ensure that they complete their practice. Other than that, homework will be infrequent and brief. My email address is : lois.barndon@education.wa.edu.au. You are welcome to contact me with any concerns.

Barndon sensei

DRAMA – Stephanie Goodier

All students from Pre-primary to year 6 participate in weekly classroom Drama lessons, where they are offered a rich and varied Performing Arts program. Students are taught under the strands Making and Responding from the Western Australian Curriculum for Drama. They have access to many opportunities to explore and extend their creativity and develop their performance skills.

Stephanie.goodier@education.wa.edu.au

PHYSICAL EDUCATION – David Lane

I am the PE teacher here at Dalkeith Primary School working Wednesday to Friday. This year I will be taking the PP – 2 for PE along with the upper school students.

For the lower school student's our focus this year will be continuing to work on their fundamental movement skills as well as teamwork and resilience through the introduction of different sports and games to continue to challenge and develop them. For the upper school student's, we will be building on the skills introduced last year and continuing to refine them. There will be a continual focus on the student's technique across a multitude of domains as well as their application in game situations. I will also be looking to improve student's teamwork, communication and critical thinking. Please remember to make sure your child is appropriately dressed on these days. This is especially important in term 1 and 4 when they will be using the pool for swimming and other sports.

It is important that if your child is unable to participate in their PE lesson that you email me directly at David.lane@education.wa.edu.au and also let the classroom teacher know, so we know how to support them.

We will also have a focus on building up the students' fitness this year alongside all their other sporting and teamwork skills. Each semester there will be a Beep Test and I will discuss with each student what their personal goal is for the year and work closely with the students to help them achieve those goals.

This year there will also be opportunities for the students to participate in School Sport WA sports and events, keep an eye out for communication surrounding nominations and events DPS will be hoping to compete in.

Throughout the year we have many training opportunities and carnivals and I will rely on parents for assistance and support. Feel free to email me if you can help or if you have any other questions or queries please don't hesitate to get in touch.

Thank you and I look forward to meeting you.
David Lane

SCIENCE – Jessica Vahala

Students at Dalkeith Primary School are taught Science by a specialist teacher. We have a dedicated science room that all students access for this subject. All content in Science comes directly from the Western Australian Curriculum.

Each term focusses on a different Science Understanding Strand, allowing students to explore and build knowledge of the biological, chemical, physical, Earth and space sciences. Students learn how to select and integrate scientific knowledge and methods to explain phenomena, apply understandings to new situations and appreciate the dynamic nature of science knowledge and the world around them. The aim of the Science program at Dalkeith Primary School is for our students to develop an interest in Science. Science expands student curiosity, willingness to explore, ask questions and speculate on the changing world in which they live. The WA curriculum supports students to develop the scientific knowledge, understandings and skills to make informed decisions about local, national and global issues and to participate, if they so wish, in science-related careers.

I look forward to working with your children. If you have any queries or questions, please feel free to contact me Jessica.Vahala@education.wa.edu.au.

ART – Sarah Fiel

Welcome to another exciting year in the art room. Art classes are an hour in length and will be available to all students from P-6. The art room is open on Monday, Tuesday and Wednesday's.

During the year we will explore printmaking, painting, photography, weaving and much more. Our influences will come from the land, the sea and the earth, as well as drawing inspiration from Australian authors and illustrators. Different cultures from around the world, and fantasy and the world of make believe. We will use the elements of art as a tool to reflect on art pieces and critique our own work. We will also peer review artwork, looking for constructive ways to support each other.

In the art room we show respect for people ideas. We explore concepts in a depth and detail not normally seen in our everyday artworks and we practise expressing ourselves creatively. Our focus will always be on the process involved in making art, not the product produced. Most artworks take many weeks to complete and are strongly tied back to artists. We use these as a reference and as inspiration. We also demonstrate our respect for the arts process by maintaining a clean and tidy work environment and taking good care of our tools.

I welcome the school community to become involved in the visual arts at Dalkeith. I would love people with skills in the arts to share their expertise with us. I would also greatly appreciate donations of paper, fabric, string, glue, containers, pens, pencils, textas anything interesting and varied. Old working hairdryers/pasta makers/blenders and all welcome. Donations can be dropped it to the art room from Monday-Wednesday. If you have a passion for art and would love to share this, please pop in to see me or drop an email to me at: sarah.fiel@education.wa.edu.au

CURRICULUM SUPPORT PROGRAMS

Dalkeith Primary School currently offers Enrichment and Literacy support programs. We use a combination of standardised assessments and teacher recommendation to gauge student suitability for the programs. The enrichment programs are funded by the school. Parents are notified if students are offered a place in these programs.

Selection for extension/remediation programs such as MiniLit, MultiLit, STEM and the Early Years Enrichment are based on set criteria and assessments. We try to give access to as many eligible students as possible throughout the year therefore the students that are scheduled into these programs are on a fixed term basis. There is no preference given to the order in which students attend any withdrawal programs.

STUDENTS AT EDUCATIONAL RISK

Students at Education Risk encompasses a number of areas of the school's business plan and priorities;

- Students with Special Needs
- Specific Learning Disabilities
- Academic Enrichment and Extension
- Students Emotional Wellbeing
- Behaviour, Engagement and Attendance
- Inclusive Schools and
- English as a Second Language

Should you have a concern about your child in any of these areas please contact the classroom teacher. The teacher will then discuss the matter with a member of the Admin team and school psychologist if it is deemed necessary.

SCHOOL POLICIES

Below is a list of policies that you need to be aware of. Other school policies can be found in our school handbook and the school website.

NUT AWARE POLICY

RATIONALE

Nut allergies are real. Currently there is no cure for nut allergies. Avoidance of the food is the only way to prevent a reaction. 1:20 children suffer from food allergies and some of them will experience a life-threatening (anaphylactic) reaction.

We have a number of students who are allergic to nuts and are subject to an anaphylactic reaction.

PURPOSE

In an effort to provide a safe environment for students with allergies to nuts, Dalkeith PS is seeking the support of the whole school community to help make our school nut free by ensuring sandwiches, cakes, slices, biscuits, muesli bars, chocolate bars, dips and dried fruit and nuts are not bought to school.

UNIFORM

The Dalkeith Primary School's Dress Code has been developed to promote a positive image of the school and to create a sense of identity amongst students.

The code has been developed by School Board in consultation with students, teachers and parents. Students are expected to comply with the Code as they are expected to comply with other school rules i.e. classroom behaviour, absences, bullying etc.

Acceptance of enrolment at Dalkeith Primary assumes an agreement between the parent/guardian and the student to conform to the Code.

SUMMER Terms 1 and 4

Garnet polo shirt with school emblem
Black shoes and white socks or blue sandals
School windcheater
Grey shorts
School chequered cotton dress
White short sleeved blouse
School hat with emblem

WINTER Terms 2 and 3

Garnet polo shirt with school emblem
Tartan school pinafore or skirt
White short sleeve blouse
School windcheater
Grey shorts
Black shoes and white socks or navy tights
School track pant
School hat with emblem

SPORT:

Yrs PP-2 Wed & Fri, Yrs 3-6 Thurs & Fri

CHOIR/ORCHESTRA: Performance

White polo shirt with school emblem	Grey shorts, garnet polo shirt, grey socks, black shoes
House polo shirt (Friday only)	
Garnet shorts or track pants (term 2 and 3)	
School windcheater	School tartan skirt, white blouse, white socks, black shoes
White school sports socks	
Black sneakers – no flouro	
School hat with emblem	

HOMEWORK

RATIONALE:

Dalkeith Primary School holds the belief that homework can be beneficial to students provided certain conditions and circumstances are adhered to. Regular out-of-hours application of oneself to certain tasks can help build self-regulation, develop confidence and mastery and form good self-disciplinary habits that can be very useful to students as they become life-long learners. Homework supports the development of the student as an independent learner by providing an opportunity to practise skills such as time management, perseverance, goal setting and critical thinking.

PURPOSE:

Homework must provide opportunities for students to practise, review and reinforce skills and concepts already taught in class

OUR BELIEFS:

Homework must be:

- Consistent with the Western Australian Curriculum and be used to assist in the achievement of learning outcomes
- Purposeful and 'the why' made visible to students
- Differentiated and responsive to individual needs
- Achievable within age appropriate time frames
- Consolidation of skills and knowledge learnt in class
- Relevant
- Monitored and marked regularly by the teacher and constructive feedback to student provided
- Communicated clearly to students and parents via student diaries or other communication methods

PROCESS:

Term 1 Parent Information Sessions:

During these class meetings, teachers will present their individual class homework policy. Teachers will outline the types of homework that will be given, frequency, marking arrangements and the responsibilities of students, parents and teachers.

Homework Responsibilities of Students:

Students are responsible for:

- Completing work to a standard in line with their ability and the expectation of the teacher
- Completing work independently as possible
- Collecting homework if they are absent
- Communicating with teachers and parents when assistance is required.
- Submitting work on time
- Entering homework requirements into their diaries (Years 3-6)

Homework Responsibilities of Parents:

Parents are responsible for:

- Supporting students with their homework - but not doing it for them

- Communicating high but realistic expectations of the standard of work
- Communicating with the teacher when concerns arise
- Checking in with their child that they know ahead of time homework deadlines and requirements

Homework Responsibilities of Teachers:

Teachers are responsible for:

- Providing homework that is appropriate to the student's needs and ability level
- Providing guidelines on the approximate time students should spend on homework (NB the time required to complete a task may differ according to student ability/task demands)
- Communicating with parents when problems arise
- Assigning differentiated homework that is related to current classroom instruction with a particular focus on Literacy and Numeracy
- Providing a variety of approaches to completing assigned homework
- Providing timely constructive feedback to students on their completed homework.

GUIDELINES:

Homework in each phase of learning might include the following:

KINDY AND PP

- Read to your child every night
- As the year progresses some small Maths and/or English tasks such as practising sight words and numbers may be set as homework.

YEAR 1-2

- Home reading of teacher provided books
- Home reading of individual choice books
- Mental math activities reinforcing number combinations and processes
- Collecting simple data to support a class activity (e.g. record what you ate for dinner)

YEAR 3-6

Year 3 - 5 – no iPad homework (to encourage iPads to remain at school)– digital based programs can be accessed on a home device

Year 6 – iPad homework allowed (be mindful of the 2 hour limit a day)

- Personal reading
- Research to support class work or study projects
- Planning or refining draft work commenced in class
- Activities that reinforce concepts currently being taught in class, or provide remediation/extension of skills and concepts learnt in class.
- Finishing off class work not completed during the school day

SPECIALIST SUBJECTS

- Practise is important for mastery of skills in specialist subject areas such as Science, Music, Japanese, Physical Education and Art. This homework will be at the discretion of the subject specialist teachers and the SIM teachers and is additional to class homework.

Time spent on homework:

The time spent on homework can depend on the child and homework for that week. Below is a general guide per night:

Early Years/Junior primary -	5 - 15 minutes
Middle primary -	20 minutes
Upper primary students -	30 minutes

ADVICE TO PARENTS:

Children need the opportunity to play and relax after school.

Homework is best done at a quiet time set aside for homework completion.

Typically, children will become more independent and responsible for their homework as they reach the middle / upper primary years and therefore should be increasingly encouraged to complete their homework with minimal input from parents. Make an appointment to see your child's classroom teacher if you have any concerns regarding homework.
